

PROCEDURE FOR TAKING OVER AND ORGANIZE A CEB COMPETITION

The National Federation sends to CEB General Secretary the official request to organize an event. This must include the name of the event, the dates, the city, the address and name of the venue, and the number of billiards. If the National Federation transfers the organization to a third party or a billiard club this must be specified in the application. Photos of the venue can be attached to the application. The exact address of the venue can be communicated later. Deadline: end of June for the next sport season (September 1st to August 31st).

CEB reserves for itself the right to propose different dates, in any case the date must be approved by the CEB. CEB Board will examine the application and give a positive (or negative) answer. In case of positive decision CEB will send a document to be signed by the national federation and sent back to CEB. This document contains the main information about the event, the detailed and specific instructions for the preparation of the event and the financial conditions. After receiving the signed agreement CEB will publish the event in the calendar and send the invoice for the organization fees in the appropriate time, normally not before the start of the concerned sport season (1st September). After the publication on CEB calendar the national federation is fully liable concerning the realization of the event and all the matters connected. CEB is not liable for any misbehave of a third party organizer.
